Welcome Hunter, to Cougar Creek Lodge.

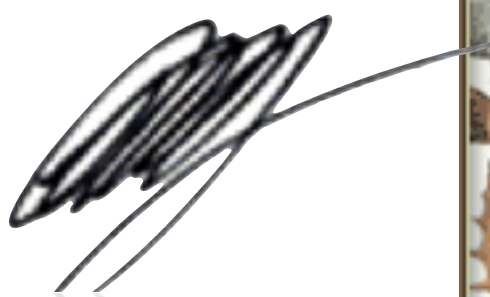

Located in the wilderness of British Columbia, Canada, Cougar Creek Lodge specializes in fully-guided combination hunts for moose, black bear, mule deer, white tail deer, cougar, lynx, and wolf.

Spanning across 2.4 million acres of prime hunting territory in management region 5 of the Cariboo Region, we are proud to offer you a premier hunting experience at a fair price. Our territory is hailed in the record books, including Boone & Crockett, for having many of the continent's largest big game trophies. It's rare that our hunters go home empty handed!

With over 35 years experience, we provide the best guides, equipment, transportation, lodging, and excellent food. We also assist you in all aspects of your game and trophy care after a successful hunt to make your trip truly remarkable.

I hope you enjoy this brochure, and we look forward to speaking with you soon about our available hunts!

Good hunting,

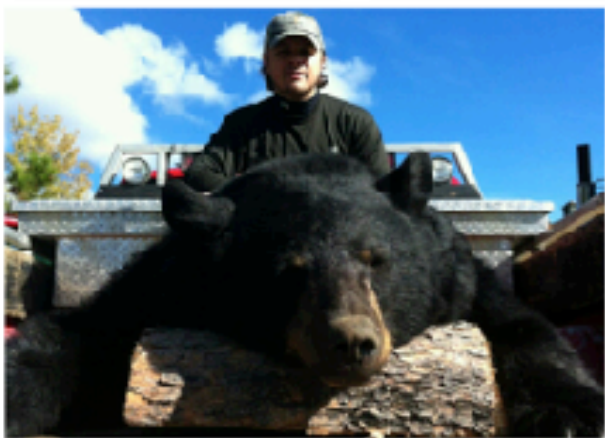

Rod Bohn
Owner, Cougar Creek Lodge

**Whoever said
it's not nice to brag**

**never met
our hunters!**

Canadian Moose

Over 6,500 moose roam game management unit 5-2, states the British Columbia Government in a recent game population survey. Approximately 25% of management unit 5-2 is our exclusive guiding territory.

This means we have in excess of 1,600 moose on our guiding territory! We cover this expansive territory in a 4x4 CrewCab pickup truck for maximum opportunity and overall comfort to you.

We harvest mature bulls only from a 35" to 50"+ spread. We do not allow harvesting of immature bulls.

The greatest chance of harvesting a bull moose is during the rut, this typically runs from mid September until mid-to-late October.

Book one or our Moose combo hunts to bag a moose, black bear, mule deer, & more!

SPREAD
35" - 50"+

500+ LBS
OF MEAT

RUT
SEPT - OCT

Black Bear

Our bears grow big in the Cariboo, fed well on fish, berries, and hay bails. There are more bears in British Columbia than anywhere else in North America, including Alaska; population estimated at 150,000!

Most bears harvested are between 5 1/2 & 6 1/2 foot — and some will square up to 7 foot!

Your guide is with you at all times, and will assist with judging the size of the bear and the quality of the hide, ensuring you've selected a good bear. A spot and stalk black bear hunt is truly an enjoyable, challenging hunt.

It's just you and the bear. One on one. Head to head.

400 LBS

SPRING &
AUTUMN

Gray Wolf

With no bag limits and no closed season, there's almost no reason to not add a wolf to your adventure.

Gray Wolf population in B.C. is considerably high, thanks to a diet of mature ungulates like deer & moose; the Canadian Government estimates there's over 11,500 wolves.

Add on a Wolf tag to any hunt for just \$75!

Mule Deer

200 LBS
OF MEAT

SPREAD
20" - 24"

SEASON
SEPT - NOV

Our territory is one of the largest mule deer winter ranges in B.C.

Mule deer hunts are offered in both the fall combination hunts and as a single species trophy hunt during the November rut & migration. This is some of the finest non-private ranch mule deer hunting available!

Mule deer tags can be purchased & there is no draw. Our mule deer population is even greater than our moose population, and we've got the photos to prove it.

Our average 3 year old buck will have a spread of 20" to 24" , can score 150 up to 200, and field dress up to 200+ lbs.

Cougar

Cougars are kings of the Canadian wilderness, capable of taking down a 600 lb moose! A large number of cougars (aka Mountain Lions) congregate in our area, weighing over 100 lbs and measuring 9 feet in length.

We're proud to have some of the world's largest cougars on our territory, having harvested a number of Boone & Crockett trophies. In 1997, we bagged the #20 all-time Boone & Crockett record book cougar & in 2000 we harvested another cougar that made top 25.

If you're looking to bag a record book Cougar then call us to book your hunt.

BEST TIME
JAN - FEB

Lynx

Archery enthusiasts line up for this furbearer hunt!

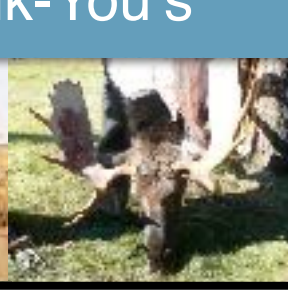

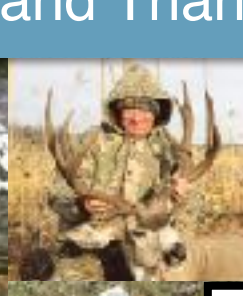

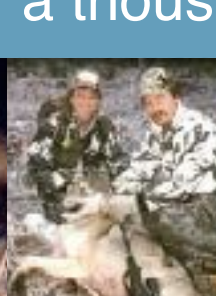

Lynx pelts begin to prime up when season opens mid November; most are fully prime early December and remain full until warmer Spring weather arrives.

Although lynx hunting season is relatively short, we can still boast some of the finest trophy cats along with the happiest of hunters.

Most lynx harvested are between 3 1/2 & 4 1/2 foot.

**If a picture is worth
a thousand words...**

**...then a few words are worth
a thousand Thank-You's**

"Honestly, the best guided hunt I have ever taken. Being able to fish after taking my bear the first day was one of the highlights of my stay. I'll probably cancel with another outfitter to be able to book again with you!"

Ed hunted one day, saw 4 bears, 20 deer, & harvested a bear. Then he went fishing the rest of the week, catching 30 trout a day!

Ed Peterson
Nevada, MO

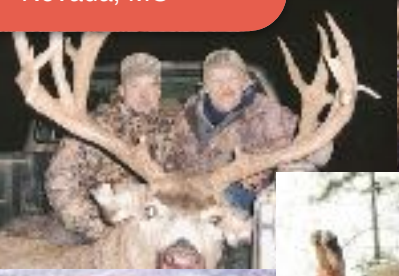

"I just wanted to thank you for providing such an enjoyable hunt! My guide was knowledgeable and helpful, not to mention amazingly committed to making sure that my hunt went well."

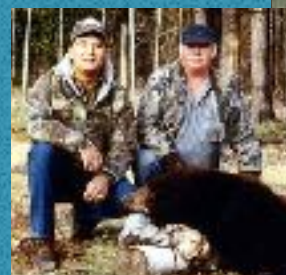

Andy harvested a bear on his first trip and this cougar on his second.

Andrew Burish
Madison, WI

"Overall, my experience as a return customer continues to be very positive: successful hunts, experienced guide outfitters, and I appreciate your care in customer service."

The Captain saw 25 deer per day, 1-3 bears daily, 3 moose, and harvested a black bear.

Capt. Cosme Lopez
Avondale, AZ

"I had a full freezer, a lush bear rug, and enough memories of the Cariboo region to last a lifetime, or at least until I could be fortunate enough to return."

An editor-in-chief turned chief hunter! Dianna of Petersons Hunting harvested a nice black bear & a mule deer.

Dianna Rupp
Petersons Hunting editor

"Northwest Hunter has finally found an excellent British Columbia, Canada, hunting destination with Wildlife Adventures."

The TV show, Northwest Hunter, has filmed 2 videos at our lodge. Rick Young and Fred Wood have harvested cougar, lynx, and 2 black bears — each squaring up to 6 foot!

Fred Wood
Northwest Hunter host

Game and trophy care

We understand the value of your trophy animal, so that's why we take game and trophy care very seriously here at Cougar Creek Lodge. After you harvest an animal, your guide will field dress it and transport it back to the lodge. Here we have outdoor tables, hooks, & racks readily available. We also work with a local butcher who will cut, wrap, freeze

and prepare your meat to be taken home. Any unwanted meat can be donated.

We also have a local taxidermist who has been doing an excellent job for our hunters for many years. And because of the good exchange rate, you'll find the prices to be quite reasonable.

Using the right equipment and the right knowhow is critical to any hunt, which is why we provide you with everything you'll need for an enjoyable and unforgettable experience.

How we care for You

Once you arrive at William's Lake, British Columbia, Airport or Fraser Inn meeting place, we will transport you to our modern 4,000 square foot, 8 bedroom, 3 bath Log lodge - Cougar Creek Lodge.

During your stay with us, we will provide you with everything necessary for a good hunt. We've got internet, comfortable beds, scenic views, an outdoor deck and darn good food.

Our chef will prepare all of your meals, and our hunters always go home with full bellies and great memories. The cost of food and lodging is included in your base hunt price.

Meet our Guide Outfitter

Our Guide Outfitter, Shawn Dalmon, has over 30 years experience guiding on our territory. He employs only experienced, knowledgeable, highly-qualified guides and assists them in locating your game and providing you with an enjoyable hunt. All his guides have been BC Guide outfitter association certified and have 20+ years experience guiding.
